

TEERTHANKER MAHAVEER UNIVERSITY

Teerthanker Mahaveer University has been established by an 'Act' (No. 30) of 2008 of the Government of Uttar Pradesh and is approved by the University Grants Commission (UGC) vide letter No. F. 9-31/2008(CPP-1) dated October, 2008. The University is located on National Highway-24, barely 144 Km from New Delhi.

The University stands committed to the ideals of Lord Mahaveer – Right Philosophy, Right Knowledge and Right Conduct – in all the spheres of activity and aspires to be recognized as the ultimate destination for world class education.

The multi-disciplinary University offers career oriented courses at all levels, i.e., UG, PG and Doctoral degrees across diverse streams, namely, Medical, Dental, Pharmacy, Nursing, Paramedical Sciences, Physiotherapy, Hospital Administration, Education, Physical Education, Engineering, Architecture, Polytechnic, Management, Law, Journalism, Fine Arts, Jain Studies, and Agriculture Science to meet rising aspirations of the youth.

FACULTY OF ENGINEERING & COMPUTING SCIENCES

The College of Engineering has emerged as a hub for academic excellence in engineering training. The college contributes to quality education in all major disciplines of engineering and technical education and helps meet the needs of industry for trained technical manpower with practical experience and sound theoretical knowledge.

The college was established by the university with the aim of providing relevant, essential, upgraded education to the young aspirants in the field of computer science and engineering, including computer applications. In recent times and the years to come there will be increasing demand of skilled manpower in the domain of Computer Science and Engineering because of the 'Digital India' mission projected around the globe by Government of India.

ABOUT MORADABAD

Moradabad is a city, commissioner, and a municipal corporation in the Indian state of Uttar Pradesh. ABOUT CONFERENCE

The Conference is being organized by the Faculty of Engineering & Computing Sciences, Teerthanker Mahaveer University, Moradabad (U.P.) to bring researchers and experts from academics and industries on a common platform to discuss the latest emerging advances in the field of Computers, Engineering, Computation and Communication. Being a Conference there will be extensive exchange of information on emerging systems and applications in the areas of Computers, Engineering, Computation and Communication. This conference will provide a forum for discussion to plan for development of latest researches by academicians in our country.

CALL FOR PAPERS

National Conference on Industry 4.0 invites unpublished papers which are not under review by any other conferences or journal. Authors are invited to submit contribution presenting research results, practical standards, running experiments, applications and industrial cases studies. All conference tracks are open to both scientific and industry contribution. Topic areas include, but are not limited to: After plagiarism checking and review process, original research paper will be published.

Computer Science and Engineering

Emerging Technology
Blockchain Technology
AI Technology
Cyber Security
Algorithms Robotics and Embedded systems
IOT, Wireless Communication and Mobile Computing/
Network Technology
Cloud Computing/ Image Processing
Data Warehousing and Data Mining
Soft Computing
Fuzzy Logic
Machine Learning, Deep Learning

Mechanical Engineering

Computational Fluid dynamics (CFD)
Advance techniques in IC Engine
Advance Manufacturing Techniques
Production Management Techniques
CAD/CAM/CAE
Non Destructive Testing (NDT)
Heating ventilation and Air Conditioning (HVAC)

Civil Engineering

Integrated Waste Management
Rain Water harvest and Water Conservation
Seismic Analysis and Design of structures
Natural Digester management and its Mitigation
Global Warming
Sustainable Development
Green Building
Urban Plans and Engineering
Emerging Trend in Building Materials
Digital Land Surveying

Humanities

Industrial Development: Social Perspective
Human And Environment
Inter Cultural Relationship
Digital Transformations in the Arts & Humanities
Human Face of industrialization
Effects of global changes on Indian education system

Applied Science (Mathematics/ Physics/ Chemistry)

Innumerical Mathematics
Optimization Technique
Pure Mathematics
